

TOPICAL BREADOWN

THEME: MANAGING CHANGES IN THE ENVIRONMENT

TOPIC 1: TYPES OF CHANGES IN THE ENVIRONMENT

Types of changes

Biological changes

chemical changes

Physical changes

Biological changes

Characteristics

Examples of biological changes in plants and in animals

Chemical changes

Characteristics of chemical changes

Examples of chemical changes

Physical changes

Characteristics of a physical change

Examples of physical changes

Changes in the states of matter

Effects of different changes in the environment

Ways man manages the different changes

THEME: SCIENCE IN HUMAN ACTIVITIES AND OCCUPATION

TOPIC 2: KEEPING GOATS, SHEEP AND PIGS

The external parts of a goat

Reasons why people keep goats

Breeds of goats

Milk breeds and their characteristics

Breeding

The gestation period

Methods of grazing

Free range (herding)

Tethering

Paddocking

Zero grazing

Advantages and disadvantages of different methods of grazing goats

Keeping sheep

The external features of a sheep

Reasons why people keep sheep

Defining some of the terms used in keeping sheep

Docking

Lambing

Shearing

Local breeds of sheep

Black head Persian

Massai sheep

Somali sheep

Exotic sheep

Breeding in sheep

Gestation period (same as in goats)

Diseases in goats and sheep

Pneumonia, foot rot, foot and mouth disease, nagana, coccidiosis

Their causes, spread, signs and symptoms, prevention and control

Piggery

Defining common terms used in piggery

Piggery, utter, sow, piglet, hoof trimming, farrowing

Identifying the types of pigs

Exotic pigs, local pigs and their characteristics

Examples of exotic breeds of pigs

Systems for keeping pigs

Extensive –advantages and disadvantages

Intensive -advantages and disadvantages

Why house pigs

Features of a good sty

Care for pigs

Feeding

Types of feeds

castration

Hoof trimming

Tooth clipping

deworming

Diseases of pigs

The causes, spread, signs and symptoms of different diseases of pigs.

Prevention and control of the diseases.

Factors one should consider when starting a livestock farm.

Record keeping

Types of records

Importance of record keeping

Advantages of food taboos

Disadvantages of food taboos

Food consumption patterns in Uganda

central

Western

Eastern

Northern

THEME: HUMAN HEALTH

TOPIC 2: FOOD AND NUTRITION

Review of food values and their deficiencies

Breast feeding

Advantages of breast feeding the baby

To mother

To the family

Bottle feeding

Advantages and disadvantages of breastfeeding

To baby

To mother

Vulnerable groups of people

Examples of vulnerable groups of people.

Traditional customs and food taboos

Food taboos

Forbidden foods

Examples of food taboos

THEME: HUMAN HEALTH

TOPIC 2: PRIMARY HEALTH CARE

This is the Essential Health Care where individuals families and communities come together to solve their health problems.

Elements of PHC

Health Education

Food and Nutrition

Immunisation

Maternal and child Health Care

Control of communicable diseases

Environmental sanitation

Principles of PHC

Availability and affordability

Should be acceptable

Suitable for solving problems of people in the community.

Ensures health for all individuals, families and all people in the community

Responsibilities of an individual

Maintain personal hygiene e.g.

Keeping your environment clean

Responsibilities of family

Balanced diet

Maintain family hygiene

Immunisation of all members

Responsibilities of community

Health centres

Protect water sources

Repairing roads

Rehabilitation centres

Suitable life styles and good health practices

living in a way that reduces the chances of getting a disease

Examples

Balanced diet

body exercises

Adequate rest

washing clothes and bed sheets

Good health practices
caring for others
reporting health problems
Health parades
Health committee
Gardening, child to child
People with special needs
How to care for people with special needs

PRIMARY FIVE SCIENCE SCHEME OF WORK TERM III 2023

LEARNIG OUTCOME: The learner is able to demonstrate basic knowledge and simple skills for managing changes in the environment.

W KP DTHE METOPI CS/TOP ICOMPETENCESCONTENTMETHOD S/TECHNI QUESIND. OF L/SKILLS & VALUESACTIVITYIMSREFR E M
