TOPICS IN MATHS

THEME	TOPIC	S/TOPIC	DURATION	LEANING OUT COMES
SETS	Set concepts	 Types of sets - Finite sets Infinite sets Subsets Venn diagrams (two events) Time, length and Algebra Probability Working out probability of sample events One coin Two coins One dice Two dice 		The learner demonstrates the knowledge of sets in real life situations.

NUMERACY WHOLE NUMBERS		 Reading and writing numbers in words up to 99,999,999 Reading and writing numbers in figures up to 99,999,999 Roman numerals Reading and writing Roman numerals up to MM Converting Roman numerals to Hindu ,Arabic and vice versa Bases Grouping in twos Place values of base two digits Changing base two to base ten and vice versa - Adding in Base two 	20 periods	The learner manipulates and converts whole numbers.
		Subtracting in base two.Multiplication of numbers in Base two.		
		 Finding place values of other digits. Changing from other bases to base ten and vice versa Finding the un known base 		
Do	OPERATION ON WHOLE NUMBERS	 Addition and subtraction on whole numbers Multiplying whole numbers by three digit numbers. Dividing whole numbers by three digit numbers 	25	The learner applies the basic concept and operations achieved to solve.

	 Properties of numbers Cumulative property Associative property Distributive property Powers on natural numbers Expanding numbers using exponents - Expressing numbers using standard forms. (Scientific notation). Prime factorization of numbers. Finding squares and square root of numbers 		Real life problems
PATTERNS AND SEQUENCES	 Divisibility test For 6 - For 7 For 8 For 9 For 11 - For 12 Finding square numbers and square roots Finding cube numbers. Finding triangular numbers. 	11	
	Identifying prime and composite numbers.		
	 Reading sequences and finding missing numbers Finding consecutive odd and even numbers 		

		TERM II		
	Fractions	 Applying fractions in daily life Finding unknown fractions Tabs Remainders Decimal fractions Identifying repeating and non-repeating decimal fractions. Changing repeating decimals to fractions and vice versa. Rounding off decimals up to hundred thousandths. Writing decimals in scientific notation. Applying direct proportions in daily life 	16	Learner applies decimals and fractions in daily life experiences
Do	INTEGERS	 Applying inverse proportion in daily life Applying percentages in daily life Increase and decrease in finding percentage. Finding original number after percentage increase or decrease Finding percentage decrease or increase. Finding simple interest and amount. Finding percentage rate, principal and time Applying integers in daily life Expressing numbers in Finite 5 and 7 Operation of integers 		Learner recognizes, manipulates and applies the
		Adding numbers in finite 5 and 7 using a dial		knowledge of integers in real life

		 Subtracting numbers in finite 7 Multiplying numbers in finite 7 Application of finite system 		situation.
INTERPRET ATION OF GRAPHS AND DATA	Data handling	 Interpreting picto graphs . Measures of central tendencies. Mode Range Median Modal frequency Mean Review interpretation of bar graphs Review interpretation of line graphs. Interpretation of pie- charts Drawing pie- charts Interpretation of travel. Drawing travel graphs 	19	Learner collects, organizes, records, presents and interprets simple mathematical data in various forms.
		 Coordination of graphs Identifying the X and Y axes Finding the coordinates of a given point. Plotting points on a coordinate graph. Plotting points and forming shapes. Forming equations of a given line on the graph. Drawing lines from the given equations. Finding probability. Tossing a coin (2 coins) 		

		- Dice		
GEOMETRY	GEOMETRIC	Perpendicular bisector of a line segment	18	The learner recognizes
	CONSTRUCTIO	 Constructing a perpendicular at a point on a line Constructing a perpendicular to a line from a given point. Bisecting an angle using a pair of compasses. Constructing parallel lines. Identifying vertically opposite angles Finding co- interior and co – exterior angles in parallel lines Finding corresponding angles in parallel lines Finding corresponding angles in parallel lines Finding alternate angles on parallel lines Recognizing the angles formed on parallel lines Identifying skew lines. Properties of regular polygons. Finding centres and number of lines of polygons. Finding exterior angles and number of sides of regular polygons. Finding interior and exterior angles of regular polygons. Finding number of sides of a regular polygon 		and constructs lines, angles and geometric figures.

 Finding the number of angles in a triangle (Triangulation) Finding the right angle in a polygon Finding the interior angle sides Finding the number of sum of a polygon when given the interior angle sum. Construction of triangles when given all sides. 		
 When given two sides and included angles When given two angles and included side. Constructing a square Constructing a rectangle Constructing a rhombus. Constructing a parallelogram. Constructing a regular polygon given side and radius. Constructing a regular Hexagon (with angles). Identifying prisms and their properties. Identifying pyramids and their properties. Forming solids from their nets. Finding ordinary bearing. Finding true bearing. Expressing distance in a given scale. Drawing diagrams on scale. 		

Time	 Changing seconds to minutes and hours and vice versa 	
	 Clock system 	
	24hours clock system	
	12 hours clock system	
	Finding durationTime tables	
	 Finding average speed 	
	 Km/hr to m/sec 	
	 m/sec to km/hr 	
Money	bills	
Inches	 shopping lists 	
	enepping nete	
	bill tables	
	 bank notes and bundles 	
	 local and foreign currencies 	
	forex rates	
	 advertisement/ radio announcements / 	
	postage charges	
Length, mass	metric system	
and capacity	 operation on metric system 	
	 addition and subtraction 	
	 multiplication 	
	 perimeter of polygons 	
	 areas of triangles, squares, rectangles and parallelograms 	

	 areas of shaded region area of rhombus, kite, trapezium application of Pythagoras' theorem circumference application of circumference perimeter of sectors of a circle areas of circles areas of parts of a circle area of shaded regions using parts of a circle application of area of a circle surface area of solid figures e.g. cubes, cuboids, triangular prisms surface area of a cylinder volume of cubes and cuboids volume of triangular prisms 	
Algobro	 volume of trapezoidal prism cylinders comparing volume volume and capacity of cubes and cuboids cylindrical tanks packing cuboids and tins 	
Algebra	Algebraic expressions	

Collecting like terms
Removing brackets
Simplifying algebraic expressions with
fractions
Substitutions
Expressions with powers
Multiplication of powers
Division of powers
Solving equations
Simple equations
Equations with fractions
Equations with brackets
Equations with squares
Application of algebra
Solutions sets
Solving inequalities
With and without fraction
Inequalities with 3 terms
Inequalities with brackets
• moquantios with brackets

MATHEMATICS SCHEME OF WORK - PRIMARY SEVEN TERM ONE

WK	PD	TOPIC	SUB TOPIC	CONTENT	Subject competence	Language	Life skills	Method	t/l aids	Activity	REF	REM.
						competence						

	1	SETS	Revision on types of sets	Describing sets Listing elements Disjoint , empty, intersection and union set	A learnerDescribes types of setsForms setsDraw venn diagrams	 A learner Describes different types of sets Describes information on the venn diagram 	Critical thinking Creative thinking Effective communication Problem solving	Question and answer Discussion Explanation	- Wall charts - Showing venn diagrams	- Answering questions - Doing exercise	- New MK MTC bk 7 pg 1-2 - Mk NCDC 1-3 - Fountain pri MTC Bk 7 pg 1-4	-
1	1		Sub sets	 Listing subsets Finding number of subsets (both proper and improper 	A learnerDefines a subsetLists the subsetsCountsSolves for number of subsets	- The learn defines - subsets Forms sentences using the word	- Dp	Do	-	- Forming subsets from a set	- New Mk bk 7 pg 2-4 - Mk NCDC 4-7 - Fountain mtc pg 3-6 , 8-10	-
	1		Use of venn diagrams	Interpreting two venn diagram The venn diagram shows the number of pupils who eat both apples (a) and beans (B) A B 9 6 8 How many pupils eat beans? b) How many pupils	 Learners Identifies the different regions Names the different regions Adds Displays information on a venn diagram Finds probability of simple sets 	 The learner Names regions Defines probability 	Demonstration Explanation Guided discovery	Do	- Wall charts showing diagram of two intersecting sets	- Drawing - Identifying - Naming	-	-
	1	SETS	Solving problems involving venn diagram of 2 sets	eat apples? - Drawing venn diagram to represent given information	Drawing venn diagram Finds number of members in each set Finds probability of simple sets	- The learner reads different regions on venn diagram	- Do	Do	- Wall chart showing venn diagram	- Drawing - Identifying - Naming	- New MK pg 10-11 - NCDC 11-12	-
2	1	Whole numbers	Place values and values	- Review of previous work on place values and values - Example - 2435087 - Place values and values of underlined digits Digit place value value 5 thousands 5000 8	- The learner - Identifies place values - Finds values of digits	- The learner - Reads place - values Writes - place values Spells place values of digits	- Guided discovery - Explanation - Discussion		Abacus - Place values charts	- Answering questions - Reading - Writing - Identifying place values	- New MK pg 28 - NCDC 13 - Understanding MTC bk 7 - Pg 18 - Fountain mtc bk 7 pg 25-28 , 20-22	-

2		Reading and writing numerals in words	Reading given figures in words Writing given figures in words	The learner reads the given figures in words - Writes given figures	- The learner read and writes given figures in words	- Do	Do	- Do	- Writing - Reading - Answering oral questions	- Understanding mtc pg 19 - Fountain mtc bk 7 pg 27	-
	1	Reading and writing words in figures	Writing from words to figures	 The learners Write given words in figures 	- The learner reads given words	- Do	Do	- Do	- Writing - Answering questions Mk	- mtc pg 21 - Mk NCDC 15 - Understanding mtc bk 7 pg 18	1
	1	Expanded notation	Expanding numbers using; values, place values, powers of ten	The learner Expands numbers using; values, place values, powers of ten	The learn spellings the word expand Describes the relationship between numbers and their values	- Guided discovery - Explanation - Discussion	Do	- Wall chart showing examples of expanded numbers	- Expanding - Answering oral questions - Identifying place values	MK bk 7 pg 49 Mk NCDC 38 - Fountain pg 36	-
		Writing expanded numbers in short form	Finding expanded numbers	The learner Writes given expanded numbers in short form	- The learners - Describes relationships between numbers and their short forms	- Do	Do	-	- Finding expanded numbers - Adding	MK bk 7 pg 49 Mk NCDC 38 Fountain pg 28	1
		Standard form / scientific notation	Writing single numbers in scientific notation Finding the single numbers for the given numbers	The learner Writes single numbers in scientific notation Finds the	The learner Reads and writes numbers in scientific notation	- Explanation - Discussion	Wall charts showing numbers to standard form	- Do	- Writing numbers in scientific notation	- Fountain 45 - Mk NCDC 39 - MAcm 55-59	1
3	1	Rounding off whole numbers	Rounding off to the nearest Tens Hundreds Thousands Ten thousands Hundred thousands Million	- The learner rounds off to the nearest Tens Hundreds Thousands Ten thousands Hundred thousands Million	The learner spells and uses the words Tens Hundreds Thousands Ten thousands Hundred thousands - Million	ExplanationQuestion and answerDiscussion	Wall chart showing examples of rounding off whole numbers	- Do	- Adding - Re-grouping	- New mk mtc bk 7 pg 30-51 - Understanding mtc pg 26-27 - Fountain 28- 30	-

- Do

The learner read - The learner

Roman

Reading and writing -

Wall chart showing - Do

- Converting

- New mk bk 7

3			numerals	roman numerals Converting hindr Arabic to roman numerals Converting roman numerals to hindu Arabic Application of roman numerals	and writes rom numerals - Converts hindu Arabic to roma numerals - And vise versa - Adds roman numerals	roman numerals		roman numerals		- Adding	pg 23-39 - Mk NCDC 17- 19 - Fountain 19- 22	
	1		Bases	Addition , subtraction division and multiplication of bases Non decimal bases Finding missing bases	bases	read and n answers afte adding		Abacus Real objects	- Do	- Converting from other bases to base ten and vise versa	- Old mk bk 7 pg 38-43 - Mk NDCD 22- 30 - Fountain 30 42	-
						multiplying bases						
	1	Operation on whole numbers	Addition and subtraction of large numbers	- Adding and subtracting large numbers upto 100,000,000	 The learner Arranges digits according to place values Adds Subtracts 	- The learner reads the mathematical statement of addition and subtraction	DiscussionExplanationQuestion and answer	Cooperation Critical thinking Effective communication Problem solving Creative thinking	- Chalkboard illustration	- Adding - Subtraction	- New mk bk 7 pg 46 - Mk NDCD 31	-
4	1		Multiplication of large numbers	 Multiplying by two digits number Multiplying by three digit numbers 	- The learner; - Multiples whole numbers whose product does not exceed 100,000,000 - Solves word problems involving multiplication	- The learner reads mathematical statement of multiplication	- Do	Do	- Chalkboard illustration	- Multiplying - Adding - Regrouping	- New mk bk 7 pg 46 - Mk NDCD 5758 - Fountain 46	-
	1		Division of large numbers	Dividing large numbers by the digit numbers Dividing large numbers by three digit numbers	- The learner; - Divides whole numbers - Solves words problem involving division (quotient)	The learner: Read mathematical statements of division	- Do	Do	- Do	- Dividing - Subtraction	- New mk bk 7 pg 46 - Mk NDCD 58- 59 - Fountain 47 - NCDC 33s	-
	1		Properties of numbers	Distributive property Associative property Commutative property Given that x*y Means ty+y	The learner Adds Multiples Factorises Groups numbers Subtracts	The learner Spells and uses the words distributive, associative and commutative	- Guided discovery - Question and answer	Do	- Read and counts	- Adding - Multiplying - Factoring - Subtracts	- New mk bk 7 pg 47 - Mk NDCD 34- 36 - Fountain 76- 78 - NCDC 33s	-

			Indices	Laws of indices in multiplication Application of indices with multiplication	- The leaner - Adds - Simplifies - Factorise - Solves	 The learner Reads and uses the words Powers Indices Exponents 	- Do	Do	- Chalkboard illustration	- Adding - Simplifying	- New mk bk 7 pg 51 - Mk NDCD 34- 36 - Fountain 63- 64	-
5	1		Indices	Laws of indices in division Application of indices with division Squares and square roots	- The leaner; - Subtracts - Simplifies - Factorises - Solves	- Do	- Do	Do	- Do	- Subtraction - Simplifying - Factorizing	- New MK pg 51 - Mk NDCD 34- 36 - Fountain 60- 66	-
	1	Patterns and sequences	Divisibility test	- Review of divisibility test for 2, 3, 4, 5 and 6 - Divisibility test for 7	- The learner - Describes types of numbers - Identifies numbers divisible by 2,3,4,5,6, and 7	The learner reads the word divisibility test Describes steps for divisibility test	- Explanation - Discussion - Question and answer	Critical thinking Creative thinking Effective communication Problem solving	- Chalkboard illustration 	- Dividing - Adding - Reading	- New MK pg 59 - Mk NDCD 34- 36 - Fountain 59 - NCDC 43-46	-
	1		Divisibility tests	Divisibility test of 8, 9, 10, and 11	- The learners - Describes types of numbers - Identifies numbers divisible by 8, 9, 10, and 11	The learners Describes steps for divisibility tests	- Do	Do	- Do	- Do	- New MK pg 51 - Mk NDCD 3436 - Understating mtc 51-57 - NCDC 43-46	-
5	1		Sets of numbers	Write numbers Natural /carrying numbers Even and odd numbers Prime numbers Composite numbers Triangular numbers Cubic and cube numbers Integers Rational numbers Square number s Application of LCM and GCF	- The learner - Lists types of numbers - Counts numbers - Identifies numbers and their sequence	The learner Spells and uses the words whole, natural, counting, even odd and rime Triangular, cube, integers and rational and square numbers	- Guided discovery - Explanation - Question and answer	Do	- Wall chart showing the types of numbers	- Completing sequence - Listing	- New MK pg 64-70 - Mk NDCD 4753 - Fountain	-

	1	Fraction	Improper and mixed fraction	Review changing improper fraction to mixed numbers and vise versa	The learner Converts improper fractions to mixed numbers Converts mixed numbers to improper fractions	The learner Changes improper fraction to mixed numbers Changes mixed numbers to improper fractions	- Discussion - Explanation - Discovery	Effective communication Critical thinking Problem solving	-Counters -Fruits	- Converting improper fractions to mixed numbers and vise versa	- New MK pg 73 - Fountain 73-75 -	-
6	1		Conversation of fractions	Changing common fractions to decimals Changing decimals to common fractions	The learner Converts common fraction to decimals Converts decimals to common fractions	The learner Changes common fraction to decimals Changes decimals to common fraction	- Do	Do	- Wall chart showing conversion of fraction to decimals and vise versa	- Answering oral questions and written questions	- New MK pg88 - NCDC 81	-
	1		Recurring decimals	Rational numbers to recurring decimals Recurring decimals to rational numbers	- The learner - Converts rational numbers to recurring decimals - Converts recurring decimals to rational numbers	The learner Spells and uses the words recurring and rational to make sentences	- Explanation - Discovery - Question and answer	Do	- Wall chart showing all working well laid out	- Converting rational numbers to recurring decimals and vice versa	- New MK pg 55 - Fountain 122125 - NCDC	-
	1		Ordering fractions	Arranging fraction in ascending and descending using LCM and percentage Comparing fractions using >,< and =	- The learner - Arranges fractions in ascending and descending order - Compares fractions using >,<, or =	The learner Defines ascending and descending	- Discovery - Participatory learning	Do	- Paper cutouts - Fruits	- Answering oral and written questions	-Tr's collection -Fountain mtc pg 119-120	-
	1		Operation on fraction	Addition f fraction Proper fractions Mixed fractions	The learner Adds proper fractions and mixed fractions Finds LCM of denominator	 The learner Reads regular fractions Reads word problems involving addition of fraction 	Explanation Guided discovery Demonstration	Do	Cut outs Fruits Chalkboard illustration	Cutting fruits Shading adding	- New MK pg 73 - Fountain 75 - Macmillan	-
	1	Fractions		Subtraction of fraction	- The learner	- The learner	- Do	Do	- Do	- Answering	- New mk bk 7	-

7		Multiplicatio	Proper Mixed fractions Word problem In Fractions and whole numbers Fraction by fraction Word problem	Subtracts proper fraction Subtracts mixed fractions The learner multiplies fractions and whole numbers Multiplies fraction by fractions Reduces fractions	Reads vlgar fraction Interpret word problem The learner Reads and interprets fraction involving multiplication	- Guided discovery - Explanation - Discussion	Do	- Do	oral and written questions - Oral and written exercises	75-76	-
		Division	Use of LCM and reciprocal Fraction by fraction Fraction by whole numbers Mixed by fractions Word problem	- The learners - Uses LCM and reciprocal to divide fractions - Interpret word problem	- The learner read and interprets fractions involving division	- Do	Do	- Wall charts	- Do	- New mk bk 7 80 - Trs' collection	-
		Mixed operations	Use of BODMAS Addition and subtraction Multiplication and division 3 operations 4 operations Use of brackets	The learner Applies BODMAS in working out problems	 The learner Gives the meaning of BODMAS 	Discussion Explanation Guided discovery	- Do	- Wall chart showing necessary calculations	- Do	- New Mk bk 7 pg 74 - Understanding mtc bk 7 pg 74-75	-
		Application of fraction	Direct fraction Application of remainders Taps	The learner Applies fraction in the daily life situation Interprets fraction involving remainders	- The learners - Uses the word remainder correctly	- Discussion - Demonstration	Logical thinking Effective communication	- Containers - Papers	- Solving problems involving application of fractions - Finding the remainders	- New MK pg 77-79 - Mk NDCD 82- 85 -	-
		Decimals	Place values of decimals Values of decimals	The learner Identifies the place values of decimals Finds the values of digits	 The learners Spells the place values of decimals Pronounces the place value correctly 	- Guided discovery - Discussion - Explanation	Problem solving Effective communication Creative thinking	- Place value - Chart showing decimals	- Identifying place values - Finding values of digits	Understanding mtc pg 4	-
8	1	Do	Reading and writing decimals in words Reading and writing decimals from words to figures	The learner Reads and writes decimals in words and figures	- The learner reads and spells the words correctly	- Do	Do	- Chalkboard illustration	- Reading and writing decimals in word and in figures	- New Mk pg 2729	-

										
9	1	Do	Expanding decimal Finding the expanded decimals	The learner Expanding decimals using values and powers Fins the expanded	- The learner - Uses the words expanded and simplify		- Do	- Do	- Expanding and finding single numbers	- New mk pp 29 - Understanding mtc pg 38-39
	1		Scientific form (standard form) Rounding off decimals to hundred thousandths	Writes decimal numbers in standard from Rounds off decimals up to hundred thousandths	Explains what scientific notation is Explains what rounding off is Reads rounded off	- Explanation - Guided discovery	- Effective communication - Problem solving	- Number line - Chalkboard illustration	- Writing numbers in standard dorm - Reading rounded off numbers	- Macm pg 63- 64 - Fountain 31- 33 - New mk 32-34 - Fountain 79- 80
			T		numbers					
	1	Operation o decimal upto tens thousandths	subtraction of decimals word	 Adds decimals Subtracts decimals Reads and interprets word problems Arranges decimals according to place values 	- Reads and adds, subtracts decimals	- Discussion - Guided discovery	- Creative - thinking Problem solving	- Chart showing addition and subtraction of decimals	- Adding and subtracting decimals	- New mk 94 - Understanding mtc 40
	2	Multiplicatio of decimals by ; Whole numbers Decimals	Multiplies decimals by whole numbers and decimals Puts the correct number of decimals places	- Reads decimal multiplication	Do	- Do	- Multiplication table chart	- Multiplying - Adding - Counting	-	- New mk 83-86 - Fountain 78- 79
			Division of decimals by Whole number s Decimals	 Divides decimals by whole numbers and decimals Maintain the correct number of decimal places 	Uses the reciprocal Uses brackets properly	- Guided discovery - Explanation - Discussion	- Creative - thinking - Problem solving	- Chart showing division of decimals	- Dividing decimals by whole numbers and by decimals	- New - mk 86 - New mk 2000 pg 97
			Combined operation on decimals Addition and subtraction Multiplication and division Addition , subtraction, multiplication and division	- Uses BODMAS to work on decimals	Reads and uses BODMAS correctly	- Explanation - Guided discovery - Group discussion	Critical thinking Effective communication Problem solving	- Chalkboard illustration	- Answering oral and written exercises	- New mk 86- 89 - New mk 2000 pg 94

10	1	Ratios	Review on ; Forming ratios Expressing rations a Fractions Decimals Percentage	- Expresses number ratio from	s in - Describes ratios	- Discussion - Group work	- Problem - solving Effective communication	- Do	- Forming and expressing numbers in ration from	- New mk 1000 - New mk 95-97	-
	1		Ratio increase and decrease Finding the ratio of increase and decrease	Increase and decreases numbe given ratios Finds the ratio of increase or decrease.	increase a decrease	1 10010111	- Creative - thinking - Critical thinking Effective communication	- Real objects	- Reading - Adding - Subtracting - And dividing	- New mk pp 111 - New mk 97 - Fountain 83	-
	2		Sharing quantities in ratios Finding the ratio in which quantities are shared Finding the number shared in a given ratio	given ratios - Finds the number	in - Applies ra in solving given numbers correctly		- Critical thinking - Creative - thinking Problem solving	- Real objects	- Answering oral and written activities	- New mk 2000 pp 112-117 - New mk 98-99	1
		Proportion	Review direct proportion Inverse proportion	Describes direct and indirect proportion Uses proportions to solve problems	- Reads and uses the proportion	word	- Do	- Chalkboard illustration	- Solving problem involving application of proportions	- New mk 114117 - Fountain 84 - Mk ncdc 61- 64	-
		Percentages	Percentage to decimals Percentage to fraction Percentage to ratios	ratios and vice versa	nd - Percentag	- Discussion ge \group work	- Effective communication - Critical thinking	- Do	- Changing from percentage to decimals	- New mk 2000 pp 121 - New mk 105-	-
		p F p	Decimals to ercentage fraction to ercentage statios to percentage						fractions and ratios	108 - Fountain 85-87	
		E a F p	xpressing quantities spercentage inding percentage arts of quantities application of ercentage parts	Expresses as percentage Applies percentages to find parts	- Uses the percentage symbol correctly - Reds and interprets questions involving	ExplanationGuided discoveryDiscussion	- Creative - thinking Problem solving	- Wall clock and real objects	- Changing quantities t o the same units - Oral and written questions	- New mk 2000 ppp 122-125 - New mk pp 110- 111	-
		P C p N a	Percentage profit Percentage loss Discount and Percentage discount Percentage discount Percentage profit and Percentage profit and	Finds profit and %age cost profit Finds loss and %age loss	- Reads and uses the words profit and loss correctly	- Guided discovery - Discussi on -	- Do	- Shopping bills	- Using profit and loss to get %age profit and % age loss	- Ncdc 69 - Fountain 88-89 - New mk 2000 pp 137-139	-

	Find the original cost when the %age loss or profit is given	Find original cost using %age loss or profit	 Uses profit or loss to get the original cost 	- Do	- Problem - solving - Critical thinking Effective communication	- Chalkboard illustration	- Answering oral and written work	- Ncdc 97 - New mk 125126	-
	Finding simple interest Finding principal and amount Finding rate Finding time	Reads and finds simple interest, amount, rate and time	- Defines the words simple interest, principal, amount, rate, time	- Do	- Do	- Do	- Dod	- New mk 2000 pp 150-155 - Mk ncdc 71-75 - Fountain 90-91	-
Order of integers	Opposites/inverse of integers Order of integers	Find the inverse of integers Orders integers Describes integers	- Defines integers - Inverse - Uses the word inverse to make sentences	- Discovery - Cooperation - Thinking pair share	 Problem solving Critical thinking Effective communication 	- Mathematical rule - Numberline - Ladders - Floor	- Finding the opposites of integers - Ordering integers	- New mk 309 - Fountain 93-94	-
Addition and subtraction	Addition of integers Using a number line Without using a numberline Subtraction of integers Without using number line	Carries out addition and subtraction Uses the number lien correctly	- Describes the forward and backward movement	- Demonstration - Discussion	- Do	- Do	- Solving problems - Involving addition and subtraction	- Fountain 245 - New mk 389 New mk 352	-
Division and multiplication	Multiplication of integers Using a numberline Without using a numberline Division of integers Using a numberline Without using a numberline	Draw number line Carries out division and multiplication	- Describes real life situation where integers are applied	- Demonstration - Explanation	- Do	- Do	- Drawing number line - Oral and written work	- Fountain - New mk	-
Application of integers	Word problems involving integers	Applies integers in our daily life situation Interprets word problem	- Reads and interprets word problems	- Discussion - Explanation	- Do	- Do	- Solving problems involving word problems	- Fountain 94-96	-
Finite system	Addition and subtraction of in finite system Using a dial Without using a dial	Adds and subtracts numbers in finite system	- Gives the meaning of words like finite, dial and amnthmetic	DemonstrationDiscussion	- Creative - thinking Discovery	- Clock faces - Ladders - Charts	- Addng and subtracting using drawing dials	- Fountain 96- 101 - Macm 252-254	-

		Multiplication in finite system Division in finite system Algebra in finite system Application of finite system	Describes division and multiplication in finite system Solves word problem involving clock arithmetic Applies finite system in daily life situation	- Describes to backward and forward movements during clock arithmetic (finite)	n m the d	- Do - Explanation - Discussion - Group work	-	Effective communication Critical thinking Problem solving	- Do - Chalkboard illustration	- Oral and written work - Solving equations involving finite system	- Fountain 201105 - Fountain 105 - Macm 81-84 - Mk ncdc 84	-
Data handling	Review of graph	Bar graphs Pictor graphs Line graph Scale Using given data to draw bar and time graph Temperature graph	Interpret e the given graphs Differentiate between vertical and horizontal scales	system) - Gives the meaning of bar, picto graph, line - graph etc Identifies vertical and horizontal scales		DiscussionDemonstrationExplanation	-	Problem solving Critical thinking Effective communication	- Mathematical sets - Manila cards - Learners	- Drawing graphs - Shading graphs	-	-
		Travel graphs Interpreting travel graphs Drawing travel graphs	Draw travel graph Interprets travel graph	- Uses the given information interpret an		- Do	-	Do	- Do	- Do	- Macm 115 - Fountain 119124 - Ncdc 97	-
	Coordinate graph	Stating coordinates of a point on agrid Plotting given points on a grid Joining points to form geometrical figure Naming and calculating area f the figure formed	Presents and interprets information on coordinate grid Form ordered pairs Name and calculates area of the formed figure Write correct units	Reads information on coordinates grid Describes t figure forme	s the	DemonstrationDiscussionExplanationObservation	-	Effective communication Critical thinking Problem solving	Mtcal set Wall chart	- Drawing - Naming points - Plotting - Interpreting information	- Ncdc 98-99 - Macm 124 - Fountain 124127	-
		Lines formed by ordered pairs Completing tables	Completes tables by filling the missing integers	- Uses the given equation to complete tables	,	- Do	-	Do		Drawing - Completing tables	- Macm 127-131 -	-
	Pie charts	Drawing circle graphs using fractions/degrees / %ages Finding unknown and amount shared	Draws pie chart Interprets circle graph and find unknown Present information on pie chart	Explains steps filling when drawing pie chart Reads information on pie char	•	- Do	-	Effective communication Creative thinking	Mtcal set Ruler Ropes	- Drawing and showing position - Finding the unknown	- Macm 118-123 - Mk ncdc 91-93	-
	Statistics	Median , mode, range, mean, average, modal frequency	Describes what median , mode, mode, range means	- Gives and uses the given words correctly		- Do	-	Do wall charts	Calculating the given exercises	-	- Fountain 127129 - Macm 133	-

		(measure of central tendency_								
	Probability	Tossing a coin Rolling a dice Tossing two coins Dice and a coin	Defines probability Calculates probability of numbers	- Discusses the ways of finding probability of numbers	- Guided discovery - Discussion - Explanation	- Effective communication - Critical thinking	Tossing Rolling	-	- Do	- Do
Geome	,	Measuring and constructing lines Types of angles Parallel and perpendicular lines Skew lines	Draw lines Measures lines Describes the type of angles Constructs parallel lines	- Explains parallel - Bisecting, skew, and perpendicular lines	- Demonstration - Discovery - Discussion - Explanation	- Creative - thinking - Problem solving Logical reasoning	Mtcal set Boxes Classroom tables Books	Constructing. Drawing parallel and skew lines	- Macm 152 - Fountain 139 - Ncdc 107	-
	Angle properties	Complementary angles Supplementary angles Vertically opposite angles Exterior angles Interior angles Corresponding angles More about angles and parallel lines	Identifies eh angle properties Solves the unknown angles	- Explains supplementary angels - Complementary angles - Vertical - angles Alternate, corresponding - angles Interior and exterior angles	- Do	- Do	Do	- Solving numbers involving angle properties	- Fountain 139 - Ncdc 10	-
	Construction	Bisecting lines and angles Constructing angles e.g 60, 90, 45, 75, 22.5 etc Constructing triangles Constructing polygons, hexagon, pentagon, rhombus, squares, rectangles, parallel	Construct and bisects angles Construct simple polygon States property of regular polygons	- States properties of regular polygon	- Do	- Do	Do	- Bisecting and constructing angles	- Fountain 153 - Mk ncdc 131 - Macm 169	-
	Bearing and scale drawing	Rotation /revolution Direction faced after turning through a certain angle Angels formed on compass direction Angles formed by the minutes and	Draws the compass direction Describes clockwise and anticlockwise Finds the angles formed in the compasses direction	Uses clock wise and anticlock wise Spells north , south, east etxc	- Demonstration - Guide discovery - Discussion	- Creative - thinking - Problem salving Effective communication	Compasses direction Clocks	- Drawing showing compass direction - Turning different direction	- Macm 226 - Fountain 158	-

		hour hand of the clock								
		Finding the direction of one point from another Opposite direction of ordinary bearing	Describes ordinary bearing Finds the direction of one point from another Finds the opposite direction of ordinary bearing Finds the angle that	Uses ordinary bearing to find the direction Describes angles	- Do	- Do	Do	- Showing the ordinary bearing of different location - Calculating angles	- Macm 232 - Fountain 159	-
		bearing of one point	Draws bearing Scale Describes direction	Describes bearing and direction	Demonstration Guided discovery Discussion	- Creative - thinking - Problem solving Effective communication	Chalkboard illustration Geometrical sets	- Drawing - Measuring	- Macm 235 - Mk ncdc 146	-
	Time	Expressing time Changing hours to minutes Changing minutes to hours and seconds Changing hours to minutes and seconds	Reads time Interprets time correctly Converts units of time	- Reads time - Names units - Writes o'clock units of time am, pm in full	- Guided discovery - Questions and answer - Demonstration	Ŭ	Cutouts Wall charts	- Reading - Writing - Reciting	- Fountain 166	-
		Clock system Changing 12 hour clock system to 24 hour clock system Converting 2 4 hour clock to 12 hour clock system	Reads time, writes units , interprets clock system Add time Subtracts time	Reads time Write am and pm in full Describes unit of time	- Guided discovery - Question and answer	- Problem - solving Effective communication	Wall faces Wall charts	- Reading - Writing - Adding - Subtracting	- Fountain 167 - Mkncdc 151 - Macm 165	-
		Finding duration Finding duration of same unit time Finding duration of different units time i.e. Am and pm Finding duration	Reads time Adds time Subtract time Convert time	Reads units time Defines units of am and pm	,	- Critical thing - Problem solving	Wall clock Wall charts	- Reading - Reciting	- Macm 269 - Fountain 169	-

			Time tables School timetable Taxi and bus timetable Travel timetable Marine timetable Air timetable	Reads timetables Makes timetables Converts time Calculates duration	-	Reads timetables Describes word departure and arrival Interprets timetable	-	Guided discovery demonstration	-	Problem solving Effective communication	Uses timetable Wall face Wall charts	- Reading - Drawing - Making timetables	- Fountan 169 - Macm 270	-
			Programs Radio program Television program	Listens to a radio Watches the TV Draw makes tv/radios	-	Spells words radio, and television Interprets program	-	Demonstration Discussion	-	Critical thinking Effective communication	Radio Tv Flash cards	- Reading - Drawing	-	-
			Review Speed Changing km/hr to m/s Changing m/s to km/hr	Changes km/hr ot m/s Changes m/s to km/hr	-	Writes km/hr to m/s in full Describes units km/hr and m/s in full		Guide discovery Discussion	-	Critical thinking Problem solving	Wall chart Chalkboard illustration	- Reading - Converting	- Mk 331 - Mk ncdc bk 6 116-117	-
						TERM II	I		-			-	-	-
	Measurement	Length Mass And capacity	Length Comparing metric units Changing meters millimeters and vice versa Changing km to m and vice versa	Reads the metric table Recites the metric table Converts to required units	-	Uses with words Kilogram Metres Millimeters In sentences		Demonstration Discussion Guided discovery		Decision making Problem solving Critical thinking	Meters rule Tape measure Weighing scale	- Measuring - Reading - Reciting	- Fountain 172 - Macm 260	-
			Adding metric units Subtracting metric units	Adds figures Regrouping figures Subtracts figures		Reads the given metric unit s		Question and answer Demonstration	-	Problem solving Critical thinking	Wall face Metre rule	- Adding - Measuring - Subtracting	- Macm 260- 261	-
· 	T								1	J.	1	T	1	
						Describes the given metric units								
			Multiplication of metric units Division of metric units	Multiplies metric units Divides metric units Regroups metric units	-	Reads the metric units Describes the given units		Guided discovery Discussion	-	Decision making Critical thinking	Chalkboard illustration Metre rule	- Multiplying - Dividing	Do	-

	Money	Review Shopping bill and bill tables Currency notes Exchange rates	Multiples figures Adds Divides Simplifies	 Reads word problems Interprets the given words Writes and uses words Exchange Currency Forex Foreign exchange 	Demonstration Explanation	- Effective communication - Decision - making Problem solving	Money Items Like books, pens etc	- Role playing - Reading	Mk old edition	-
	Perimeter	Find perimeter quadrilaterals Perimeter of combined shapes Perimeter of regular polygons Number of poles in line and perimeter	Draws figures Names figures Add sides of figure	- Describes perimeter - Interprets different shapes - Writes names of the shapes	Demonstration Guided discovery	- Do	Cutouts Chalkboard illustration	- Cutting - Naming - Tracing - Drawing	Fountin 173 Mk ncdc 162	-
	Circumference of a circle	Find circumference of a circle given the radius Finding the circumference of a circle given diameter	Draws circles Finds the circumference Simplifies expressions	Describes the word circumference Interprets the parts of a circle	Guided discovery Demonstration	- Problem - solving Critical thinking	Cutouts Chalkboard illustration Basins Tins Wires String	- Drawing - Naming - Measuring	Fountain 176 Mk ncdc 167	-
	Finding radius /diameter of the circle given circumference	Finding radius given circumference Find the diameter given circumference	Draws shapes Identifies missing parts	 Reads word statement Interprets word statements 	Discussion Question and answer	- Effective communication - Problem solving	Chalkboard illustration Cutout	- Reading - Drawing - Tracing - Shading		-
	Application of circumference	Finding number of revolutions Finding length of a piece of wire Finding diameter of given length of the wire	Measures object s Cut out strings Interprets word statements Solves problems	- Reads word problem - Interprets word - statements - Spells words - Revolution Circumference	Guided discovery Discussion	- Problem - solving Critical thinking	Tins String Razorblade Cutouts Wires Tins	- Cutting - Drawing - Measuring	Fountain 184186	-
	Areas	Finding area of triangles Finding missing parts given area of a triangle Word statement involving a triangle	Draws figures Interpret word statements Finds area	Describes the term area Interprets word problem	Effective communication Problem solving	- Cutouts - Chalkboard illustration	Drawing Tracing	-	Mk ncdcn 160	-

	Comparing area of a triangle Finding missing part of triangle by comparing its area	Draws interprets triangles Forms equations Solves word problem	Interprets statements Read given statements	Guided discovery Discussion	- Problem - solving Critical thinking	Cut out Chalkboard illustration	- Drawing - Reading		-
	Area of quadrilateral Rectangle Square Rhombus s Parallelogram Kite Trapezium Areas and lectures	Draws figures List properties of figures Finds area	Reads the names of quadrilaterals Spells the names of quadrilateral	Guided discovery Discussion	- Problem solving Critical thinking	Cut outs Wall charts	- Drawing - Cutting - Tracing - Scriting	Mk ncdc 161 Macm 262 Fountain 186	-
	Area of a circle Finding area of a circle Word problem involving area of a circle	Draws circles Measures objects Finds area of a circle	Interprets statementsReads word problems	Guided discovery Explanation	- Problem - solving Critical thinking	Wall charts	- Drawing - Cutting - Shading - Tracing	Fountain 190 Mk ncdc 134	-
	Find are of a circle given circumference Finding parts of a circle given tis area	Forms equation for unknown Finds missing parts	- Reads word statements - Interprets word problems	Discussion Questions and answer	- Do	Do	- Do	Fountain 190	-
Area parts circle	of a Area of a quadrant	Names parts of a circle Shades parts of the circle Draws parts of the circle Finds area of the sector	uses words semi circle, quadrant - Sector	Guide discovery Explanation Question and answer	- Critical thinking - Problem solving	Cutout Wall charts	- Naming - Drawing - Shading	Fountain 195 Mk ncdc	-
Area comb shap circle	bined combined with bes of Rectangles	Draws figures Interprets combined Shapes	Names parts of combined shapes Interprets the given shapes	Explanation Questions and answer	- Critical thinking - Problem solving	Cuts outs Chalkboard illustration	- Drawing - Cuttings - Reading	Fountain 193	-
Shad regio involv circle	ons regions of circles ving combined with	Draws shades shapes Finds shaded shapes	- Describes shaded part - Names the given shapes - Interprets figures given	Guided discovery Question and answer	- Effective communication - Problem - solving Critical thinking	Cutouts Wall charts	- Drawing - Shading - Painting - Cutting		-
Appli of are circle		Draws from interpretation Interprets word problems Cuts objects given	Reads word problemInterprets word statements	Demonstration Discussion	- Do	Manila cards Paper Razorblade Wall charts	- Cutting - Drawing - Shading	Mk 389	-

	sheet , metric sheet etc								
Finding radius or diameter of a circle given area	circle given area Finding diameter of a circle given area	Interprets word statements Forms unknown Solves for unknown parts	word - problems	Guided discovery Question and answer	- Do	Do	- Do	Mk 391	-
Finding circumference given area o a circle		Finds the radius Interprets word problem Calculates the circumference	Reads the word problem Interprets word problem	Guided discovery Explanation Discussion	- Critical - thinking Problem solving	Wall charts Chalkboard illustration	- Reading - Drawing - Forming equation	Fountain 193	-
Total surface area	Finding total surface are of a cuboid Finding total surface area of a cube Finding missing side given total surface area of a cube	Draws accurate figures States the properties of each figure Finds total surface areas	- Describes cuboid - Cubes - Reads and uses words cuboid and cubes	Demonstration Guided discovery Explanation	- Problem - solving Effective communication	Boxes Papers Manila cards Metres ruler	- Cutting - Drawing - Shading	Fountain 195*198	-
Total surface area of a triangular prism	Total surface area of a triangular prism Total surface area of a cylinder Total surface are of a trapezium	Draws figures Makes prisms Measures sides of prisms	Describes the names of prisms Interprets the written word problems	Discussion Guided discovery Explanation	- Critical - thinking Problem solving	Wall charts Cutouts Boxes Manilar Tins	- Cutting - Tracing - Painting	Fountain 199	-
Volume	Volume Cuboids Cubes Triangular prism Trapezium prism Cylinder Spheres (4/3 r³)	Makes cut outs Draws figures Interprets figure Interpret figures	Describes figures Names figures	Question And answer Discussion	- Problem - solving Critical thinking	Cutouts Boxes Tins Charts	- Cutting - Tracing - Reading - Shading	Mk ncdc 170	-
Packing	Packing cubes into cubiod Packing cylinders into cuboid	Draws figures States properties of figures	DemonstrationGuided discoveryDiscussion	Effective communication Critical thinking	- Boxes - Tins		- Packing - Cutting - Drawing		-

Weight/mass and capacity		Mass Mass is the quantity of matter in an objects Units on grams and kilograms 1kg – 10 Newton (weight) Converting kg to tonens Converting grams to kg Addition and subtraction of mass	Defines mass States the difference btn mass and weight Converts kg to quintals Kg to tonne	- Spells - Quintals - Tonne	Demonstration Discovery Discussion	- Effective communication - Problem - solving Critical thinking	Bears balances Weight balances Scale Spring Balancing	- Converting - Weighting	Fountain 209 212 Mk Macm 264	-
	Collecting like terms	Collecting likes terms of different variables Collecting like term in figures Rectangles Square Pentagon Trapezium	statements Draws figures Collects like terms Simplifies like terms	Reads word statements Interprets the given variables	Discussion Explanation	- Problem - solving Critical thinking	Chalkboard illustration	- Reading - Collecting like terms	Mk ncdc 175 Fountain 215	-
Algebra	Forming algebraic expressions	Forming algebraic expressions using words like Twice Trice Half	Forms variables Adds terms Subtracts terms	Reads word statements Interprets word statement	Discussion Guided discovery	- Problem - solving Critical thinking	Chalkboard illustration	- Reading - Forming expressions	Fountain 215 Mk bk 7 pg 427	-
		Square Double etc								
	Expression involving	Removing brackets in expression involving brackets	Reads expression correctly Multiplies variables Simplifies terms	-	Guided discovery Discussion	ProblemsolvingCritical thinking	Wall chart	- Reading - Opening brackets - Adding - Subtracting	Mk pp 43- 433 Fountain 215	-
	Expression with brackets and fraction	Removing brackets with fraction variables	Do	- Do	Do	- Do	Do	- Do	Do	-
			Expands terms Substitution terms Adds terms Multiplies terms Simplifies	- Spells the words substitution - Interprets terms	Guided discovery Discussion Discussion	- Problem - solving Critical thinking	Chalkboard illustration	- Reading - Expanding - Substitution	Mk bk 7 pp 429 Fountain 216 Mk ncdc 178179	-
		Adding and subtracting with powers Multiplying expressions with powers	Adds expression Subtracts expressions Multiplies Divides Simplifies	- Reads expression - Describes words - Powers - Indices - Exponents	Guided discovery Discussion	ProblemsolvingCritical thinking	Wall chart Chalkboard illustration	- Reading - Solving	Fountain 218 Mk ncdc 181 Mk pp 752 - 456	-

		Dividing expression with powers							
	Equations	Revision of simple equation Examples X+5+=13 y- 3=5 3x+6=18 X ² +1 = 10 3(2x+1) -2(x+4)=35	Reads equation Solves equations Simplifies equations	Describes the term equation Simplifies equation	Describes equation Defines term Variables Coefficients Unknown	- Guided - discovery Discussion	Problem solving Critical thinking	- Wall chart - Chalkboard illustration	Mk 452 Fountain 218 Mk nedc 181
		Equations involving fraction Examples $\frac{1}{2}p = 6$ 4 $\frac{1}{3}q + 2 = 15$ $\frac{13}{3}p \frac{m+1+m}{4} = 2$ $\frac{1}{3}$	Reads equation Solves Simplifies	- Reads - equation Describes given equation	Discussion Questions and answer	- Do	Do	- Do	Fountain 221- 222 Mk ncdc 185
		Equations involving powers Examples Q + 4 = 20 $\frac{1}{2}p^2 = 8$ $\frac{1}{3}p^2 = 12$	Reads equation Solves equation Simplifies	- Describes terms - Powers - Indices - Exponents - Reads equation	Guided discovery Discussion	- Critical thinking - Problem solving	Wall chart Chlak board illustration	- Reading - Writing	Mk 427 Fountain 224- 225 Mk ncdc 187
	Word problems in algebra	Forming and solving equation from word problems	Reads word problems Forms equations Solves equation	- Reads word problems - Describes written statements - Interprets terms like - Twice - Thrice	Discussion Demonstration	- Problem - solving Effective communication	Pens Books Oranges Mangoes Money Wall charts	- Reading - Counting - Sorting	Fountain 222- 223 Mk bk 7 346- 365 Mk ncdc 190191
				- Less than					
				- More than etc					
	Inequalities	Inequalities with infinite solution sets Examples Find the solution set for x<5 Soln-X ={4,3,2,1,0,-1,}	Reads inequalities Draws a number line Finds the solution set Writes symbols of inequalities	- Defines terms - inequality - Solution set - Describes words Less than	Guided discovery Discussion	- Critical thinking - Problem solving	Reading Drawing Counting	- Wall chart - Books - Pens	Mk 444 Fountain 227- 229

Inequalities with finite solution sets Example -2 <x<2 solution="" x="{-1,0,1}</th"><th>Do</th><th>greater than</th><th>Guided discovery Explanation</th><th>- Problem - solving Critical thinking</th><th>Do</th><th>- Do</th><th>Mk pp 445 Mk ncdc 192- 193 Fountain 231-</th></x<2>	Do	greater than	Guided discovery Explanation	- Problem - solving Critical thinking	Do	- Do	Mk pp 445 Mk ncdc 192- 193 Fountain 231-
Solving simple inequalities Example Solve and list the solution $3x > 9$ $3x > 9$ $3x > 9$ $3x > 3$ $x > 3$	Reads inequalities Solves Lists solution set	- Reads inequalities - Uses words - Less than - Greater than - Less or equal to - Greater or equal to in sentence	Discussion Demonstration	- Problem - solving Effective communication	Do	- Do	232 Mk bk 7 448 Fountain 230
Solving inequalities involving fraction Example Solve and list the solution set $2x \le 2$ 3 Solution $3 \times 2x \le 2x \le 3$ $2x \le 6$ $2x \ge 6$	Reds inequalities Solves Simplifies Lists the solution set	- Reads inequalities - Uses words Less than Greater than Less or equal to Greater or equal to in sentences	Discussion Demonstration	- Problem - solving Effective communication	Do	- Do	Mk bk 7 448- 449 Fountain 230- 231
Solving finite inequalities Example Solve and list the solution set $8 > 2x > 2$ $8 > 2x > 2$ 2 $4 > x > 1$ $X = \{3, 2\}$	Solves inequalities Simplifies Lists the solution set	- Reading the inequalities - Interprets symbols - Describes symbols	Guided discovery Discussion	- Critical thinking - Problem solving	Wall chart Chalkboard	- Reading - Drawing - Counting	Mk bk 7 449 Fountain 231 Mk ncdc 194

		Solving inequalities involving brackets Example Solve the inequality 2(x+1)>4 Solution 2x+2>4 2x>4+2 2x>6 X>3	Do	- Do	Do	- Problem solving - Effective communication	Do	- Do	Mk bk 7 449	
		Word problems involving inequalities Example The Headteacher's car can accommodate maximumly 5 people. Show this inequality Solution x≤ 5	Reads word problem Forms inequalities Forms inequalities Solves inequality Simplifies	- Reads word statements - Describes word - statements Interprets symbols	- Guided discovery Discussion	Problem solving - Critical thinking	- Pens - Bottle tops - Straws - Pencils Wall chart	Reading Drawing Counting - Solving	Mk bk 7 450451
